

OMS has a non-discriminatory admissions policy for children who are 2 1/2-12 years of age. Each prospective student is required to be interviewed by the Headmistress or Directress of the specific class. A class ratio of approximately 10 to one adult is maintained. Parents desiring to register their children for enrollment should contact the school office (985-345-8088) and make an appointment to observe our classrooms in action. You will then be given an application for enrollment, and a date and time may be arranged for your child's visit (interview). There is a \$35.00 fee payable preceding the interview. (This fee is non-refundable and does not apply to the tuition.)

Those accepted for enrollment are required to pay a \$200 registration fee. This deposit assures your child a space in our school. The deposit is, however, non-refundable.
